## EXPERIENCE/ORGANIZATIONS

### ● UF Association of Computer Engineers

MEMBER

August 2019 – Present

Helps to create an environment for University of Florida students in the ECE/CISE departments to collaborate, network, and succeed together.

### ● UF Society of Software Developers

MEMBER

August 2019 – Present

Focuses on helping members learn the principles of software design and apply them to real-world applications. Also, works to create a community where students can ask for feedback and assistance on projects. Also, discusses concepts and helps with building complex software systems and better prepare members for team projects, internships, and careers in software development.

### ● UF Software Engineering Club

MEMBER

August 2019 – Present

Expose beginner Computer Science students to practical software development technologies and concepts they will not learn or be exposed to in their first or second year.

## EDUCATION

### ● B.S. Computer Science (CSE)

UNIVERSITY OF FLORIDA, GAINESVILLE, FL  
GPA: 3.77 / 4.0
